### Five Points to Remember Concerning This Trade List

1. You will receive first class stock. We plant out an entire new planting of Irises each year and thus have three lots to select from when filling orders.
2. You can be sure that orders from this list will be filled promptly, completely and from our own stock. We possess from 300 to 2,000 plants of every variety included in this list.
3. You will receive plants true to name. Our Iris foreman does nothing but check the Irises during the blooming season. Trueness to name guaranteed.
4. You will receive prompt shipment. We will ship your order on five days' notice on date you specify. Safe arrival guaranteed.
5. You can't find better prices. Yes, here and there, perhaps, on a few varieties, but investigate the average prices and consider the comprehensiveness of this list.
